Words of welcome by Dr. ISTVÁN BÓKA, Mayor of the City of Balatonfüred  
Opening address by JUDIT GESKÓ, art historian, Museum of Fine Arts, Budapest

This exhibition, as its title PRAELUDIUM suggests, is indeed the prelude to new initiative and a series of art shows. In fact, it is the starting event of the **MODERN ART STORAGE**, abbreviated as **MOMŰ** in Hungarian.

MOMŰ is set up from the art collection of the Szöllösi-Nagy—Nemes couple amassed over the past few decades. The Collection contains modern and contemporary international geometric and concrete art, including photography. The Collection was transferred to Hungary, more particularly to Balatonfüred, after some 30 years staying in Paris. The launching of MOMŰ is part of the European Cultural Capital events that will take place in 2023 in Veszprém and Balaton region.

The opening exhibition presents a small selection of the Collection representing Hungarian and international artists.
